RE: UPDATED North Carroll Farms Exterior Trim Colors

Dear Neighbors,

Please be advised that the North Carrol Farms Homeowners Association Architectural Committee recently updated the list of approved exterior trim colors previously issued by Masonry Homes, Inc. On the following pages, you will find all colors referencing Sherwin Williams standard colors and code numbers. Sherwin Williams has recommended using their product "Super Paint Exterior" in a semi-gloss, but feel free to seek out additional assistance from your painting professionals, if needed.

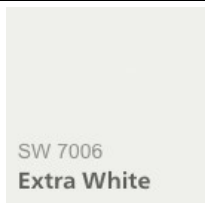

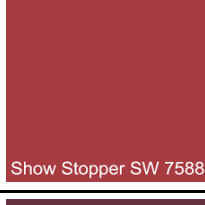

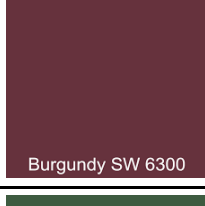

Please also note that these colors are to be used as a guide when updating your exteriors (i.e. shutters, doors, etc.) and that ALL color changes to the exterior of your home, either from this list or similar, require the approval of an architectural modification request before proceeding.

If you have any questions, please direct them to northcarrollfarmshoa@gmail.com .

Sincerely,

North Carrol Farms Homeowners Association
Architectural Committee
